

Brandon Wong

Objective: Digital Designer

(510) 456 - 6695

bwong127@asu.edu

SKILLS

- Excellent verbal/written communication skills
- Stakeholder management
- Team player, leadership skills, attention to detail
- Cross-functional team experience
- Proficient in Figma, Photoshop, After Effects, Illustrator, HTML, and CSS

EXPERIENCE

Curve Biosciences (Contract)

Dec 2025 - Present

Digital Designer - San Mateo, CA

- Contributed to the product roadmap for diagnostic blood tests and designed laboratory manuals to support test curation and internal workflows.
- Worked with leadership and management in stakeholder meetings to define project scope and align priorities.

Curve Biosciences (Internship)

July 2025 - Dec 2025

Graphic Design Marketing Intern - San Mateo, CA

- Built an MVP roadmap for a diagnostic test using competitive analysis and research to align market needs.
- Operated effectively in a dynamic startup environment, adapting to rapidly changing project requirements and iterating on designs accordingly.

Treevah (Internship)

June 2024 - August 2024

UX UI Intern - Chicago, IL

- Collaborated closely with a team of five designers and researchers to assess user feedback, tendencies, and pain points, creating actionable insights to assist in web and mobile product development.
- Adhere to design systems by creating style guides and standardizing UI elements to create consistency within wireframes and prototypes throughout the design team.
- Worked alongside the engineering team to ensure feasibility and seamless end-to-end design implementation.

BRIDGEGOOD (Apprenticeship)

June 2023 - Sept 2023

UX Design Apprentice - Oakland, CA

- Collaborated with project managers, designers, and leadership to align project vision, delivering stakeholder presentations at critical milestones to maintain clarity of project goals.
- Contributed to the end-to-end design process of a mobile app, including user interviews, task analysis, and creation of high-fidelity mockups.
- Utilized heuristic methods and usability evaluation techniques to identify and address usability issues, ensuring a user-centered design.

San Jose City College (Internship)

March 2023 - July 2024

Graphic Design Intern - San Jose, CA

- Collaborated one-on-one with clients to develop a product that aligned with their specific requirements.
- Designed an animated promo video for SJCC Basic Needs.
- Created and designed logos, posters, and pamphlets for clubs at SJCC.

EDUCATION

Arizona State University, Tempe, AZ

August 2026 - Present

Master of Science in User Experience

University of California, Davis, CA

September 2024 - June 2026

Bachelor of Arts in Design

San Jose City College, San Jose, CA

August 2022 - June 2024

Associate of Science Degree (AS) in User Experience and Interaction Design
